ABOUT ME

Full-stack developer skilled in building scalable applications, backend APIs, and modern user interfaces using React. Strong debugging and problem-solving abilities, currently contributing to production-level development as a Web Development Intern.

WORK EXPERIENCE

Web Development Intern - Caktus Web Solution, Noida Sector-62 | Nov 2025 – Present
- Engineering MERN-based modules, UI components, and server-side APIs
- Debugging, optimising application issues, and handling version control with Git/GitHub
- Collaborating with the development team to build and deploy production-ready features

MERN Stack Trainee - Ducat, Noida Sector-63 | Jun 2025 – Oct 2025
- Built full-stack MERN applications with CRUD & authentication
- Developed server-side APIs & integrated frontend with backend services
- Used Git, GitHub & Postman for development workflows and debugging
- Learned deployment & modern development practices

ACHIEVEMENTS

- Integrated Cloudnary & real-time APIs to boost feature performance
- Designed responsive frontend layouts using React, Bootstrap & modern JavaScript
- Engineered secure APIs and improved MongoDB query efficiency
- Completed 4-month full-stack training and delivered real client features in a production workflow

EDUCATION

Bachelor of Computer Application (BCA) | july2022-july2025

shobhit university gangoh saharanpur
University of Engineering and Technology
- Specialization in Advanced Manufacturing.
- Thesis on "Innovations in Sustainable Engineering Practices".
